       Mr. Kirby Verret, Coordinator of Indian Education

MISSION STATEMENT: Our mission is to enhance Native American students through a diversity of creative culturally academic and positive programs to improve academic performance and graduation rates while building strong family, community, and school relationships.

The Indian Education Parent Committee (IPC) and the Title VI Indian Education Staff has scheduled a meeting to inform and give updates to you on the planned activities. Your input, assistance, ideas, and recommendations in these undertakings are important and necessary for the success of our program. Our goal is not only to meet the state academic standards but to exceed them as well. This can only be accomplished by your involvement in your child/children’s education.

The Native Youth Community Project (NYCP) Grant, along with Title VI Indian Education, is hoping to get your input on how to better serve the educational needs of our Indian students. They will have a couple of surveys for you to fill out. So please take the time to fill in these surveys. At our next meeting (Public Hearing) they will share results with you.

*PLEASE NOTE: From 6:30 p.m. to end of meeting, there will be activities for students enrolled in the Indian Education Program.
